Comtran Hires Trevor Bosen as Executive Director of Operations

Attleboro, MA – Comtran, a leading provider of specialty cable and system solutions, is pleased to announce the addition of Trevor Bosen as Executive Director of Operations. His role will be integral in providing leadership in the production environment and directing all manufacturing activities at the Attleboro, MA facility.

Bosen comes to Comtran with nearly 20 years of operations management experience across a variety of industries. He has served roles in engineering, quality assurance, and production, most recently as Operations Manager at Warren Pumps. His extensive knowledge includes Six Sigma, Kaizen, and lean manufacturing principles.

At Comtran, Bosen will be responsible for managing resources that drive efficient, cost-effective, and on-time production; implementing measures to maintain an accident-free work environment; and identifying opportunities for continuous improvement. Joe Barry, Division President, is excited to welcome Bosen to the team. “Trevor’s diverse background and prior success are a great match for Comtran’s commitment to safety and operational excellence. His experience will be instrumental in continuing to strengthen our manufacturing processes and promote workplace safety.”

###

About Comtran

Comtran is a leading provider of specialty cable and system solutions for a variety of applications, including structured cabling, fire safety, circuit integrity, and transit infrastructure communications. Comtran is a member of Marmon Electrical Group, a Berkshire Hathaway company.
